

**LANGSTONE HARBOUR**  
**LOCAL NOTICE TO MARINERS NO. 04 OF 2022**

**North Portsea Island Flood and Coastal Erosion Risk Management**  
**Scheme: Phase 4b – Eastern Road**

**Mariners are advised** that flood and coastal erosion risk management works will be taking place on the foreshore between Salterns Lake and Kendall's Wharf. The Scheme will be constructed over a three-year period, with a Local Notice to Mariners issued at the start of each construction year. This LNTM relates to the period April 2022-September 2022.

This section of works will consist of:

- The installation of a portadam/silt curtain along the length of this phase approximately 17m out from the wall (preparatory works).
- Piling and construction of a new concrete floodwall including flood glass in front of the caravan park.
- Excavation along the toe of the existing sea wall to install the piles which will form the shutter for the concrete base.
- Concrete casting of the new lower sea wall followed by the upper wall.
- Reinstatement of the excavated material back against the piles with the remainder spread over an area 10m from the wall on the foreshore.

The only excavators on the foreshore will be 8t excavators.

All works will be fully compliant with Marine Licence: L/2020/00098/1 and Planning consent: 19/01368/FUL. Further information can be obtained by [contacting the Coastal Partners Team](#).

Cancel Local Notice 04/2021.

**Owners, Agents, Charterers, Marinas, Yacht Clubs and Recreational Sailing Organisations should ensure that the contents of this Notice are made known to the Masters or persons in charge of their vessels or craft.**
